

Dear Parents and Caregivers

Third Party Services Consent

The school requires your consent for your child to use third party services when we use ICT. Online third party services often require separate individual login details and store personal information in different locations. For the third party services that our school uses we require your approval before your child can use these.

There are three different levels of consent:

1. **Explicit consent:** this requires the parent/caregiver to agree to **each** of the third party services listed
2. **Bundled consent:** this requires parent/caregiver consent for a **group** of third party service listed
3. **Notification only:** no parent action is required for these applications, yet the school is required to inform you of the use of these services, but you are not required to consent.

The consent classification has been decided by the Department of Education and placed in a catalogue which continues to be updated. The school has provided a booklet of the third party services that the school is likely to access and can be kept for your records. Please understand that by giving consent you are agreeing to the school sharing some of your child's information until the end of their schooling at Peg's Creek Primary School.

Please complete the form below and return to the Front Office.

If you do have any questions about third party services, please do not hesitate to contact Anissa Hinchcliffe.

Third Party Services Consent

Child's details

Surname: _____ First Name: _____ Year/Class: _____

Parent details

Parent's full name: _____ Parent's email address: _____
